OVERVIEW

Hamurana Lodge epitomizes the very essence of extravagance. Its evocative decor honours natural wood and stone finishing and its palette is inspired by its inherent atmosphere of flowers and sunshine. All lodgings are executive suites based in a three-storey estate situated in the characteristic North Island landscape. The view from the southern focused terrace reaches over the hilly valley toward the mountains, nearby Lake Rotorua, and the sacred Mokoia Island.

ACCOMMODATION

Our suites strike the perfect balance between traditional and contemporary while embodying the very spirit of New Zealand. Sleekly designed furnishings, bright aura, and striking artwork bring this lodge to life.

Extra-spacious en-suite bathrooms include signature Hamurana Lodge features – deep soaking tubs, glass walled showers, a large vanity, and charming colourful fabrics. In many of the bathrooms daylight flows through a large picturesque window.
